Hi Royan,

Is it okay if I go ahead and circulate this for Tuesday's meeting on treated articles? One is the briefing on the treated seed petition from OPP, the other is the updated version of the timeline. I added quite a bit of historic materials since we last met, thanks to Tom, Amber, and my own further digging. I also started on an update of the 2012 options memo, and I can discuss where I am with it, but it will not be ready to share in time for Tuesday's discussion. There are a lot of offshoots from this that have arisen and I am hoping to get a little more direction on where to focus my work from Tuesday's discussion.

Thanks,
